

# Is Money Tight???

For Winter Men's Basketball, Salt Lake County will allow you to make payments throughout the Winter season so you don't have to come up with all the League fees up front.

All you need to do is come into the office and fill out the agreement, provide \$100 down, and attach a voided check with a routing and account number. You will then have 4 payments of \$100 come out of you checking account for the next four months.
